HOTEL FITNESS®

The World's Leader In Hotel & Resort Fitness®

Packed with commercial quality components this bike will provide incredibly smooth operation for a great workout. In-Console speakers provide entertainment to make working out mode enjoyable. The In-Console personal cooling fan allows for a comfortable workout.

FEATURES & BENEFITS

Integrated Speakers: Users can plug in their CD or MP3 player directly into the console via a standard audio cable to listen to their favorite music through the integrated speakers.

Integrated Fan: With low, medium and high settings, the fan offers added comfort even during the most intense training.

Enclosed Shroud: An enclosed shroud protects moving parts against the elements and keeps the user safe.

QuickTouch™ Programs and Resistance: Users can choose their program and make simple adjustments in workout intensity at the touch of a button.

Seat Adjustment: To adjust seat height, users simply pull the pop-pin, slide the seat and release the pin in the appropriate setting.

Pedal Assembly: The pedals are self-leveling and feature polymer toe straps for secure foot placement.

Heart Rate: Pulse information can be displayed on the console via contact sensors or Polar® compatible wireless chest strap.
