HOTEL FITNESS®

The World's Leader In Hotel & Resort Fitness®

Taking comfort to a new level, the RB9800-E Recumbent Bike features an easy-to-use step-through design, an ultra-comfortable seat, in-console speakers and iPod®/mp3 player connectivity to make workouts even more enjoyable, and an optional attached personal TV screen for rich entertainment.

FEATURES & BENEFITS

Integrated Speakers: Users can plug in their CD or MP3 player directly into the console via a standard audio cable to listen to their favorite music through the integrated speakers.

Integrated Fan: With low, medium and high settings, the fan offers added comfort even during the most intense training.

Step-through Design: Sleek design with low frame profile allows for easy entry/exit of the machine.

QuickTouch™ Programs and Resistance: Users can choose their program and make simple adjustments in workout intensity at the touch of a button.

ERS™: Custom designed ERS (Electromagnetic Resistance System) applies consistent resistance to the flywheel and generates power for the console.

Belt Drive System: Featuring the self-tensioning, precision Flexonic® belt, the drive system maintains a smooth pedaling motion with little noise.

Cranks and Bearings: The single-piece crank assembly and bearings are forged and sealed for smooth performance and durability.

Seat Adjustment: To adjust seat height, users simply pull the pop-pin, slide the seat and release the pin in the appropriate setting.

Pedal Assembly: The extra-wide pedals are self-leveling and feature polymer toe straps for secure foot placement.

Heart Rate: Pulse information can be displayed on the console via contact sensors or Polar® compatible wireless chest strap.

SPECS > HF-RB9800-E Recumbent

MODEL > HF-RB9800-E Recumbent, HF-TV9800-CE (Personal TV Screen)

Dimensions	67" x 28"
