HOTEL FITNESS®

The World's Leader In Hotel & Resort Fitness®

Boasting an extra long 20-inch stride length and 15 trainer designed programs, the XT9700 Elliptical is a great value. The ClearView™ backlit display will help track workout progress with ease and the 1-Touch™ Resistance allows for adjustment of difficulty settings at the touch of a button. The dual personal cooling fans add to an enjoyable and comfortable workout.

FEATURES & BENEFITS

Integrated Fan › With low, medium and high settings, the fan offers added comfort even during the most intense training.

Over-Sized Pedals › The large articulating pedals keep feet level through the stride, reducing ankle rotation and making exercising more comfortable.

Rear-access Design › Space-efficient, rear-access design allows users to safely enter/exit the machine from the back.

Patented Footpath › Unique footpath provides users with comfortable, natural striding movement.

Aluminum Glide Track › This attractive glide track reduces friction so it decreases part wear while also contributing to its incredibly smooth operation.

Quick Programs › Select your preferred program with the single touch of a button. Each program button has a workout diagram so you can easily choose the right program without any guesswork.

Contact Heart Rate › Pulse information can be displayed on the console via contact sensors or compatible wireless chest strap.
