HOTEL FITNESS®

The World's Leader In Hotel & Resort Fitness®

The most natural moving elliptical in the most practical footprint. The XT9800-E Elliptical Trainer features superior construction and unique rear-access design which provides ease of use and high durability and functionality. Feel the difference of the patented footpath, providing a natural striding motion.

FEATURES & BENEFITS

Integrated Speakers › Users can plug in their CD or MP3 player directly into the console via a standard audio cable to listen to their favorite music through the integrated speakers.

Integrated Fan › With low, medium and high settings, the fan offers added comfort even during the most intense training.

QuickTouch™ Programs and Resistance › Users can choose their program and make simple adjustments in workout intensity at the touch of a button.

Rear-access Design › Space-efficient, rear-access design allows users to safely enter/exit the machine from the back.

Patented Footpath › Unique footpath provides users with comfortable, natural striding movement.

ERS™ › Custom designed ERS (Electromagnetic Resistance System) applies consistent resistance to the flywheel and generates power for the console.

Belt Drive System › Featuring the self-tensioning, precision Flexonic® belt, the drive system maintains a smooth striding motion with little noise.

Dual Contact Heart Rate › Users have two contact points for monitoring heart rate. Pulse information can be displayed on the console via contact sensors or Polar® compatible wireless chest strap.

Wheel Track › The covered wheel track limits access to moving parts and prevents debris from entering.

SPECS › HF-XT9800-E Elliptical

MODEL › HF-XT800-E Elliptical, HF-TV9800-CE (Personal TV Screen)

Dimensions	83" x 30"
