

# TREADMILL

## FEATURES & BENEFITS

**Integrated Speakers** › Users can plug in their CD or iPod® directly into the console via a standard audio cable to listen to their favorite music through the integrated speakers.

**Integrated Fan** › With low, medium and high settings, the fan offers added comfort even during the most intense training.

**Reflex Deck™ Impact Absorption Running Surface** › The treadmill deck is built like a snowboard for strength and flexibility and responds to movement, absorbing impact at the heel and maintaining stability at toe off. The wood core absorbs vibration and flexes to cushion every foot strike. The outer coating bonds everything together for outstanding durability and structural integrity.

**Incline** › Adjust incline from 0 to 15% by scrolling in 0.5 increments.

**Large Running Surface** › A larger running surface adds to safety and user stability.

**Heart Rate** › Users have two contact points for monitoring heart rate. Pulse information can be displayed on the console via contact sensors or compatible wireless chest strap.

**Commercial-Grade Components** › Manufactured with commercial-grade materials and the finest components for extreme durability and reliability.

**E SERIES™**

ITEM: HF-TR9800-ER

## SPECIFICATIONS

Item	HF-TR9800-ER	Power Requirements	120 Volts, 15 Amp Dedicated NEMA 5-15
Dimensions	85" x 34"	Running Surface	Reflex Deck™ Impact Absorption Running Surface
Product Weight	370 lbs. (168 kg)	Tread Belt Size	22" x 60"
Motor	3.8 HP CDC Commercial Motor	Heart Rate	Hand Grip & Wireless Heart Rate Monitoring
Incline Range	0 to 15%	Safety	Commercial Emergency Stop System
Regulatory Approvals	UL, CSA, TUV		
Warranty	Lifetime Frame 3 Years Motor 3 Years Parts 3 Years Labor
