

S SERIES™

Created in collaboration with BMW Group® DesignworksUSA®, the S Series™ family of cardio equipment continues to set industry benchmarks in both form and function. From unique innovations like personal fans and a motivational track, to

stylish, consistent and intuitive interfaces across the entire line, no other cardio equipment has brought more satisfaction year after year. Unique leading-edge designs and quality engineered products.

TREADMILL

FEATURES & BENEFITS

Unique Hourglass Handrail › Sturdy hourglass handrail's unique shape improves form and function.

Large Running Surface › The 20" x 60" running surface provides ample space and is constructed from carbon weave, low friction material that is resistant to static build-up.

Powerful Commercial Motor › The powerful 3.0 HP commercial motor provides smooth and reliable operation.

Commercial-Grade Components › Superior grade engineering and commercial grade components provide reliability and equipment durability.

Hand Grip Heart Rate › Heart rate information can be displayed on the console via hand grips or wireless chest strap.

Low Profile › A lower profile and step-up height makes getting on or off the treadmill easy for users of all fitness levels.

Adjustable Personal Cooling Fans › Centered dual-adjustable personal fans create a more rewarding workout.

Personal TV Screen (Optional) › Attachable 15" HD LCD Personal TV Screen
