TREADMILL

FEATURES & BENEFITS

Cushioning: By combining urethane deck isolators and the DRVS motor system, users experience additional cushioning as the deck is able to give with every foot strike.

Maintenance-Free Belt: 22" x 60", 2-ply belt requires no lubrication for years of smooth, consistent use.

Motor: DRVS, Direct Rear Velocity System; a self-cooling 5.0 HP high-roque AC speed control motor, positioned in the back of the machine for a smoother running surface and easier maiteance.

Deck: Double coated with phenolic resin on both sides of the deck to last twice as long when flipped during general maintenance.

Incline: Adjust incline from 0 to 15% by scrolling in 0.5% increments.

Heart Rate: Pulse information can be displayed on the console via contact sensors or wireless telemetry.

Personal TV Screen (Optional) › With the optional Workout TV upgrade you're ready to escape and exercise watching your favorite TV show or movie.
